The photographer will be in school on Friday 11th June taking our class and group photos.

Week Ending 7.5.21

Well it didn't feel like a short week this week; we've been so busy! It's been lovely to finally have our award assemblies back, albeit just in year groups, but to be able to really praise the children and share good work in front of an audience has been great. The children may have told you how we discussed the other schools in our Trust last week and how we will be working much more closely together. More information will follow on this but lots of exciting things are planned! Have a lovely weekend; let's hope the weather improves!

What have we been Doing? Follow @WBJuniorSchool

Year3

We have had a busy week in year 3! In maths we have been using a fraction wall to find equivalent fractions and compare them. In literacy, we have been like Aesop, writing our very own fable based on the book *The Butterfly Lion*! Ask your child what 'the moral of the story' means! In topic we have been learning all about nutrition's and nutritious diets. .@WBYear3

Year 4

This week in year 4, we have been discussing stories written in an imaginary world. We have thought about what the world would be like if it was about to end due to deforestation. From this, we are going to board our imaginary spaceship and fly to a new planet to live. In maths, we have been looking at money and its value. We have looked at a variety of coins and notes, ordering them and estimating the value of books, drinks, bikes etc. During the afternoons, to start our healthy eating topic, we have been investigating teeth, questioning their use and why they all look so different. What would happen to our teeth if we didn't have them? .@WBYear4

Year 5

This week the children in year 5 have been writing their reports, raising awareness about the damage of plastic pollution in our oceans. We have really tried to work on improving the variety of our sentence types and our language use to really hit home the importance of recycling. In topic we have looked at locating rivers across the UK, we have been using our atlas reading skills in order to label and locate key rivers. WBJyear5

Year 6

In maths this week we have carried on working with angles, consolidating our amazing knowledge of these. Literacy has seen us become newspaper reporters - diving into the world of Romeo and Juliet to report on the latest fight between the Montagues and Capulets. In whole class reading we have entered the world of the unexplained - deciphering what has happened in a text about UFO's and afternoons have seen us continue our science work, starting or topic of animals and living things. @WBYear6

School Matters!

Parents' Evening

Look out for a letter on Monday

PE Timetable

Year 3

Tuesday & Thursday

Year 4

Wednesday & Thursday

Year 5

Tuesday & Friday

Year 6

Monday & Friday

PE Shoes

Please could children bring a spare pair of shoes for PE and a spare bag to put them into to bring home

Learning Mentor Update

Stress Awareness Month

- Since 1992, April has been dedicated to stress awareness, to increase the public knowledge of causes, impact and cures.
- 2021's theme is 'Regaining Connectivity, Certainty and Control'
- Millions of people around the UK are experiencing high levels of stress, especially during the last year, and it can be damaging to our health – both mentally and physically.
- The most crucial thing you can do when you are stressed is to look after yourself. Relax when you need to and learn to say no to requests that are too much for you.

Dinner

Taste of America Thursday 20th May

Tasty Mains

Beef Burger or Veggie Hot Dog

~~~~~

Baked Potato with Cheese

#### Scrummy Sides

Chips and Sweetcorn

#### Yummy Desserts

Chocolate Cake

£2.30 book yours at the school office.

### Scholarpack Parents App

Don't forget that parents can download the scholar pack app to check and update their child's details, see attendance percentages and send us a message. Contact the school for your access code once you have downloaded the app.

### Postcards

If you are lucky enough to receive a postcard from your teachers over the weekend, please tweet us your pictures or bring to school and ask your learning mentor to do this for you!

### Mental Health Awareness

Mental Health Awareness Week takes place from 10th - 16th May, and will provide another great opportunity for us to discuss mental health and wellbeing amongst pupils and staff. The theme for this year's week is 'nature'. Recent National Trust research found a link between feeling connected to nature and having improved wellbeing. To help us celebrate the theme of the week we will be encouraging the children to get outdoors and connect with nature. Perhaps you could join in at home too and visit the park, local woods or the beach? Keep an eye on our Twitter feed for more information.
