

June 2019

Dear Parents/Carers,

I am writing to inform you that this year we will be hosting two separate sports days. The first of these will be for lower school (years 3 and 4) on **Tuesday, June 18th** and the second of these will be for upper school (years 5 and 6) on **Wednesday, June 19th**.

You are warmly invited to attend in order to watch your child/children take part in the day. The school gates will open at 1.15pm, with the events starting shortly afterwards. The afternoon will begin with long-distance races involving the qualifying children (from preliminary heats ran during PE lessons) before a rotation of track and field-inspired events. The afternoon will then end with a series of sprinting races, again involving the qualifying children from PE lessons.

Each child will be representing their house team, and should either wear a red, blue, green or yellow top accordingly (as well as their normal PE shorts and trainers). This is the same colour as the children's lunch time tables, and the children can be reminded of their colours by their class teachers if necessary.

Drinks won't be needed as the children will have their own school water bottles but as some confectionary will be on sale a small amount of money may be needed in order to purchase this.

We really value your support with events like Sports Day, and hope that you are able to come along and help to make the afternoons a real highlight of the school year.

Thank You,

Joe Bowden  
PE Coordinator
