Activity Ideas:

- If you and your family are ready for a challenge look for the 'Couch to 5k' app in your app store. It is a guided way to increase how far you run and gradually increase fitness.
- Learn a new skill, use a free online tool like Duolingo to help you and your child learn a new language. Or visit the Community Spotlight page on the N E Lincs council website for things to do in the local area.
- Take time to be in the moment as a family. Go for a walk, drink hot chocolate, listen to the rain, draw a picture of what you can see out the window, visit the beach. Remember that it helps to focus on the things we can control rather than the things we cannot change.
