

Maths this week:

SUMMER TERM 2

WEEK 6

12.07.19

In Year 3...

Next week, year 3 are taking part in the maths challenge!

Can you get some practise in by having a go at these multiplication questions?

- 1) $34 \times 3 =$
- 2) $47 \times 4 =$
- 3) $23 \times 8 =$
- 4) $68 \times 4 =$
- 5) $92 \times 3 =$

Ask your child to complete the times table questions below for some extra practise:

1. $6 \times 7 = ?$
2. $? \times 4 = 32$
3. $4 \times 5 = ?$
4. $? \times 6 = 60$
5. $3 \times ? = 24$
6. $? \times 3 = 27$
7. $4 \times ? = 16$

In Year 4...

Next week we will be consolidating some of the areas we have found tricky this year and having a go at some problem solving tasks. Why don't you try these:

- Write 4:45pm
- i) in words
 - ii) using 24 hour clock.

Now try to draw it here:

$2\text{m} = ? \text{cm}$

$4.5\text{l} = ? \text{ml}$

$3700\text{m} = ? \text{km}$

$5.5 \text{kg} = ? \text{g}$

Fill in the missing numbers.

In Year 5...

Next week we will be consolidating some areas of the maths curriculum that are a little more difficult and carrying out a Space Park Investigation.

Think about having a budget of £500,000 and you have to design a new theme park with certain criteria.

We'll also be:

Tessellating 2D shapes

Making nets of 3D shapes

Creating a quiz about 2d and 3D shapes

Why not get a head start on practising your multiplication ready for the maths challenge next week.

Here's what's expected at the end of Year 5 in the maths curriculum.

$$6.15 \times 10 =$$

$$82.5 \times 1000$$

$$327 \times 100 =$$

$$45 \times 38 =$$

$$652 \times 8 =$$

$$421 \times 36 =$$

In Year 6...

Keep ticking over these key skills:

1. $2/4 + 1/3 =$
2. $43 \times 387 =$
3. $7708 \div 62 =$
4. $4627 \div 34 =$
5. $3/5 - 1/5 =$
6. $4/10 = ?/100$
7. $54.82 + 0.7 =$
8. $67 - 28.52 =$
9. $3884 \times 56 =$
10. $3/5 \times 5/9 =$
11. 25% of 70 =
12. 65% of 280 =

Next week we will once again be competing in our maths challenge. This time the focus is on times tables, so year 6 need to get practising to be in with a chance to win.

We'll also be completing some fun maths investigations based on averages and statistics.
