

William Barcroft Junior School

Adverse Weather Policy

It is the aim of William Barcroft Junior School to ensure the school remains open during adverse weather conditions, when practically possible, providing that this can be done in a safe manner.

William Barcroft Junior School intends to, wherever possible, make the decision to close the school before the teaching day commences, rather than defer the decision and delay the opening of the school.

The purpose of this policy is to:

- Make the appropriate procedures clear, in relation to operating the school during adverse weather conditions.
- Make clear the grounds for a school closure due to adverse weather conditions.
- Advise and inform staff and parents of the systems and procedures in place in the event of a school closure due to adverse weather conditions.

1. Decision to close

1.1. The decision to close the school will be made by the headteacher.

1.2. The caretaker, senior leadership team and the chair of governors will be consulted when making a decision about school closure.

1.3. In the absence of the headteacher, the deputy headteacher will assume the responsibility of the headteacher in relation to the Adverse Weather Policy.

1.4. The school will be closed if one or more of the following conditions apply:

- Conditions on site are considered to be unsafe and are likely to present danger to users of the site.
- Staff numbers are insufficient for the school to be operated safely.

1.5. In the event of school closure:

- The headteacher will inform staff and parents via twitter or text message.
- The headteacher will post an update on the school website.
- The caretaker will display 'closure' signs on the school's entrance gates.
- The headteacher will call the local radio stations, Compass FM and Radio Humberside. It is noted that parents will have previously been made aware that announcements concerning the school will be broadcasted via those stations.

1.6. In the event of the school having to close during the day, parents will be contacted via text message or telephone, using the number provided on the emergency contacts list, and asked to collect their child from the school.

1.7. A closure of the school during the day and an early release of staff will only be considered in extreme circumstances.

2. Remaining open in adverse weather conditions

2.1. When deciding whether the school will remain open, risks will be assessed in line with the Health and Safety Policy.

2.2. If the school remains open when there has been snowfall or the site is icy, access to the site for pedestrians will be restricted to the pedestrian gates only.

2.3. The caretaker will place health and safety caution signs to warn users of the increased hazards on site.

2.4. All pathways, wherever practically possible, will have been cleared and gritted.

2.5. A notice will be erected to inform that vehicles and pedestrians entering the school grounds do so at their own risk.

2.6. At the headteacher's discretion, during periods of adverse weather conditions, the playground may be out-of-bounds to pupils and parents.

2.7. All persons entering the school buildings are asked to ensure they wipe their feet thoroughly, in order to reduce slip hazards.

3. Health and safety

3.1 The school has a duty of care to anyone accessing the site and surrounding grounds.

3.2 The school will be liable if it is found that the school has been negligent in its responsibilities and has not taken all reasonable measures, given the circumstances, to ensure the health and safety of pupils, staff, visitors and parents entering the school site.

3.3 The headteacher is responsible for ensuring safety on the school site, in accordance with the school's Health and Safety Policy.

3.4 Staff, visitors and parents have the personal responsibility to express caution and take responsibility for their own health and safety whilst on the school grounds.

3.5 Individuals must take responsibility for the health and safety of any children under their supervision.

3.6 If anyone believes that the site is unsafe, it is advised that they do not enter the school grounds and inform either the headteacher or caretaker so the safety can be reassessed.

3.7 In the event of adverse weather conditions, the caretaker will assess the school site and inform the headteacher at 6.30am of the state of the site

- 3.8 A risk assessment of the site will be conducted in order to assess any potential hazards due to the weather conditions.
- 3.9 Closing the school is a reasonable decision if pupils or staff are at risk of serious injury due to the weather conditions.
- 3.10 The school is located in a cul-de-sac that will not be cleared by the Local Authority. When roads are impassable, the health and safety issue is overridden by the practical issue of access.

4. Limited staff numbers

- 4.1. During periods of adverse weather conditions, staff members are expected to make all reasonable efforts to attend work, whether this means they will be late or not.
- 4.2. Staff members are expected to assess the availability of all public transport and consider the feasibility of walking to work, if they live relatively close and are fit and able to do so, in order to attend work.
- 4.3. The school understands that, whilst staff members are expected to make all reasonable efforts to attend work, it is essential to minimise personal risk.
- 4.4. In line with 4.3, it is therefore at the discretion of staff members as to whether they are able to attend work in adverse weather conditions.
- 4.5. Staff members are required to consider local weather conditions, distance, availability of public transport, and fitness to walk when making their decision.
- 4.6. Staff members are required to liaise with the headteacher to discuss options of attending work.
- 4.7. In order to comply with health and safety regulations, different age groups may be brought together to be taught under the supervision of the available teachers and support staff.
- 4.8. The school will continue to strive to provide high-quality education in the given circumstances.

5. Attendance statistics

- 5.1. Where the school is officially closed, all absence is registered as authorised with a snow code (Y in SIMS).
- 5.2. If the headteacher believes the pupil could have safely made it to school but did not attend, the pupil will be marked in the register as having an unauthorised absence.
- 5.3. Parents acting on the assumption that the school would be closed, without gaining confirmation, or failing to inform the school of the circumstances that prevent the

child coming into school, risk their child's absence being registered as an unauthorised absence.

6. Exam disruption

6.1. If the school has to close, or if a child misses an exam due to adverse weather conditions, the school will make alternative arrangements with the STA.

6.2. The school takes full responsibility for informing parents and pupils of any agreed changes concerning exams in adverse weather conditions. This includes:

- Using alternative venues.
- Exam results being generated by the STA, based on other assessments in the same subject.
- The opportunity for the pupil to sit any missed exam later in the year.

7. Emergency plan

7.1. In the case of an emergency relating to adverse weather, the school will follow their planned emergency procedure, in accordance with the Critical Incident Plan.

7.2. All nominated staff will be trained to:

- Contact and liaise with emergency services.
- Provide first aid.
- Move pupils to a safe place.
- Calm and comfort children.
- Contact parents.
- Deal with any media interest.

7.3. Each member of senior leadership will have a copy of the emergency plan.

7.4. Paper copies of the plan will be kept at nominated staff members' homes in case of out-of-hours emergencies.

8. Monitoring and review

8.1. The effectiveness of this policy will be monitored by the headteacher, and any necessary amendments will be made during review.

8.2. This policy will be reviewed annually by the headteacher.

8.3. Last reviewed November 2019
